

## WON BY THE COWBOYS.

Prince and Shock, the Wheelmen, Were Defeated.

## AN EXCITING CONTEST.

THE HORSEMAN CAME IN HALF A LAP AHEAD.

Park City Defeated at Baseball and Football at Garfield Beach Yesterday Afternoon—Some Beliefs That Will Be Exhibited at the Pioneer Excursion to Salt Lake Today.

Whizz-zip! How the wheelmen and cowboys did fly around the track at Calder's park yesterday afternoon! The fifty-mile race between Al Schock and Jack Prince, two of the world's greatest wheelmen, and Ed Woodmansee and Bert Austin, the cowboys, attracted a great crowd at Calder's yesterday. The conditions of the contest were that the bicyclists should relay every ten miles up to the forty mark, each to cover half of the final ten miles, while the riders relayed in the same way, but used three horses and were allowed to change animals each mile. The horsemen were required to ride on the outside of the track, stakes being set all the way around, and as this was quite a disadvantage they were allowed four laps, or one mile, the cowboys being equal to that distance in fifty miles. Doc Faust and Mr. Butler acted as judges, and at 3 o'clock the cyclists came out with their "Fourier" wheels, especially for them. Half an hour later the start was made, Schock and Woodmansee setting the ball rolling. The cowboys lost much time each mile in changing horses, although the changes were made with wonderful quickness, and besides this, one of the horses had a habit of trying to run off the track every time the grand stand was reached, which told against them. The pace for the first twenty-five miles was a hot one, both Schock and Prince riding beautifully and making up about a mile and a half. Then the horses commenced to tire and the cowboys had a hard task keeping them going. At the end of forty-five miles, the wheelmen had picked up three of the four laps required, and looked as though they were theirs. But Prince made a mistake by insisting on having pace-makers for his final five miles, and the cowboys showed him a trick. They decided to have pace-makers, too, and a third cowboy, mounted on a fresh charger and armed with a buggy whip, sailed around the track and succeeded in making the jaded horses go at such a lively rate that the cowboys commenced to gain ground. The finish was very exciting, and the crowd cheered both Prince and the cowboy wildly. The latter won by half a lap in a hour and 40 minutes, amid shouting and tossing of broad-brimmed hats.

After the race, Prince climbed on a chair and made a little speech, in which he promised the cowboys being allowed four laps for taking the outside of the track, and also against their having pace-makers. He said he proposed to have the track surveyed today and see just how much the cowboys were entitled to.

After the race, the pony express called out and carried the mail across the imaginary plains in true pioneer style, the stage being held up by cowboys.

Zoe contributed to the entertainment by making her slide from the 60-foot tower and the cowboys did some wonderful trick riding.

The people of Summit county escorted to Garfield yesterday, and it required nine coaches to take them and the Salt Lake friends out in the morning. It was good day for the beach, and fully 1,500 people were there at one time in the afternoon. Never was the water more delightful and 600 people purchased bath tickets.

By reason of the special rate made by the Pacific coast, the excursion from Summit was very well patronized, notwithstanding the day, Park City sending down the major part of the crowd. With the Parkites was the Park City baseball team, and in the afternoon that team and Sam Levy's famous contested on the new grounds. The game was interesting and attracted a large crowd. Before the prowess of the famous nine, the Park City's went down after a hard struggle, the score standing 15 to 7.

At the conclusion of the baseball game the Park City and Salt Lake foot ball teams put up a splendid game. There was some extremely good playing on both sides, but again were the visitors defeated, though on the very creditable score of 15 to 7.

The announcement was made that the Park boys would play at the beach today and tomorrow. They will meet the O. N. T. club this afternoon.

It was late in the evening before the excursionists left the beach for home. They had crowded a great deal of enjoyment into the day.

At Salt Lake.

There was a good attendance at Saltair yesterday afternoon, increasing as the day wore on till evening. The temperature of the water was 60 degrees, and the bathers were numerous. The air was cool and balmy and everything at that resort contributed to make the day an ideal one.

The Christensen orchestra furnished sweet music during the afternoon and evening. The steamer Tahula made frequent trips on the lake and was well patronized.

A NOTABLE LIST.

The Belles and Curious Gathered For Today's Celebration.

The committee in charge of today's celebration of Veteran's Day at Saltair has got together a rare and interesting lot of mementoes, curios and relics which will be placed on exhibition. There is already talk among the directors of the D. A. and M. society of adding to the list and making a pioneers' department at the coming fair. Without doubt the people who arrive from a distance will bring other objects of interest, but the following is the list as far as made up at present:

A huge buffalo head, the oldest inhabitant.

Spinning wheel, one of the first used in Utah.

Telegraph key, first key used on the westward wire, with which Governor Brigham Young sent this message to President Lincoln: "Utah has not seceded but is firm for the constitution and laws of our country."

A Utah coat of arms, on Great Salt Lake by the Fremont party.

Door of the Old Fort, the first habitation of white man in Utah.

A pottery jar made by Heber C. Kimball's own hands.

Gun, sword, pistols and complete accoutrements of D. Pettigrew, one of the Mormon Bakers.

Joseph Smith's sword.

Joseph Smith's coat.

David Patten's powder horn.

David Patten's sword used in the battle of Crooked River.

Latch to the door of Carthage jail.

Pistol owned by Joseph Smith at the time of his incarceration in Carthage jail.

Old brass drum used in the Nauvoo brass band.

Bugle used by Pioneer company of 1847 in crossing the plains.

Came used by President Brigham

Young in Nauvoo days.

First sheet of paper made in Utah.

The spike driven by Brigham Young at Salt Lake City on the completion of the Utah Central railroad, Monday, January 10, 1870.

Old Dramatic company programme, 1854.

Old Deseret paper currency.

Kirkland hat, not made in Utah.

"Old Sow," the pioneer cannon.

Brigham Young's cannon, brought by him across the plains in 1847.

Pioneer plow, supposed to be the first made in Utah, constructed of wagon tires and wire from wagon boxes.

Brigham Young's provision box used in crossing the plains.

Home industry banner—a practical object lesson of early days.

Section of north end of the old tabernacle.

Ox yoke used in crossing the plains.

Silk flag of Daniel H. Wells, first lieutenant Nauvoo Legion.

Copies of The Mountaineer, paper edited and published by James Ferguson.

Flag of Third regiment, Nauvoo Legion.

Two chairs made in 1853, by Levi Draper.

Musket and sword brought by Shadrach Roundy across the plains, 1847.

Camp kettle used by pioneers in crossing the plains.

Railway Notes.

The Union Pacific train leaving here for the south on Wednesday at 10 a. m. will run through the heart of Provo, to accommodate the excursionists. That is the day when the main Pacific puts its low excursion rates to all points in Utah and Wyoming.

The John Drew company will arrive to play at Garfield beach.

Superintendent Bancroft, S. W. Eccles and Assistant Freight Agent, James Ferguson, will leave for the north late this morning on a tour of inspection over the Idaho division of the Union Pacific.

Protection vs. Free Trade.

Draper, Aug. 19.—A most lively and interesting debate was given last Saturday at Draper, the subject being Protection vs. Free Trade. Mr. W. M. Smith discussed the former, while Mr. D. O. Rideout, Jr., ably conducted the latter. The hall was filled to overflowing with members of both parties, some having come from surrounding towns to hear the discussion of the great issue now puzzling the minds of American statesmen. Mr. Barnard J. Stewart was chosen chairman for the evening.

Mr. Rideout reviewed carefully the history of protection in other countries, the effect it had on their advancement and what a great weight it placed on the shoulders of the free traders. He quoted from Gladstone, John Bright and others as to the terrible effects upon the poor people of obnoxious protection.

Mr. Rideout dwelt at great length on the protective system of the United States, comparing the periods of prosperity under free trade with the periods of depression under protection.

Mr. Stewart, in his closing remarks, approved of the subject many points of approval were heartily given.

The World of Sport.

The game of football played at Garfield yesterday between the Park City and Salt Lake teams was an exciting one. The home club won the choice of grounds and kicked down hill. After a hard struggle, lasting forty-five minutes, neither side had scored, although the Salt Lake team had the ball in the end zone.

The referee, a Park City man, was not fair in his decisions giving his townsmen a little the best of it. When play was resumed the Park City team scored a goal, and worked like demons, but the Salt Lake team held their own and in spite of all tactics, could not be caught napping.

The Salt Lake team scored the only goal made, winning the contest and the championship. Park City having defeated Manti on August 17 by a score of 1 goal, 18 pounds, while the Salt Lake team only averaged 139 pounds. The home team was made up of C. Wright, R. G. Wilson, T. A. Jones, A. J. Jones, W. Wilson, T. Casey, W. Smalldren, R. Pratt, J. Lowe and J. Wilson.

Wednesday and Thursday next will be the day for the exciting contest. The fastest men in the country, including Zeigler, C. S. Wells, W. Foster, McGuire, Collier, Gerwing and all of our racers will be in the races at the State fair, which has been called for some very exciting contests. The railroads give special rates from all points and many visitors will be here.

The United Pacific is arranging for another twenty-five mile road race to Garfield. It promises to be a hummer.

Prince and Schock, the professionals, are going to make a match after the races. They want to see the amateurs, and will give our boys a few pointers.

At Salt Lake College.

It opened its first year in "Hammond Hall," Salt Lake academy building, September 17. There will be an entirely new corps of professors, and every effort will be made to give the work and influence of the college earnestly christian as well as thorough and superior in the quality of its instruction.

Academy classes will be continued, as heretofore, and a Freshman class will be organized. Board and rooms will be furnished at reasonable rates. For full information, apply to the president, Rev. Henry K. Warren, Salt Lake City.

To Greenwood Springs and return only \$10. Tickets good thirty days. Rio Grande Western Midland route. Be sure you ask for tickets that way.

Wednesday, August 22, is the day of the low rate excursion to all points over the Union Pacific. See the advertisement elsewhere in this paper.

HITS FROM EDMUND RUSSELL.

Beauty, not style, should be the standard for dress.

Do not own one inch of black, even in a dress.

Black reduces the size, but also reduces power and influence.

If women who have original and intelligent ideas on dress would band clubs of thirty, they could emancipate themselves and dominate the dress-makers, who now rule them.

In environment as well as in dress, a lady on a \$25 chair reduces the value of that chair to ten cents. So non-essential things are to be avoided.

Beautiful events should be honored by beautiful apparel. Street clothes should not be worn to social gatherings which promote culture. If we would pay as great a tribute to art as to society, culture would become society.

Study occasion as well as garb. The commercial life of woman is pressing her into a uniform of tailor-made gowns and business dress which is deplorable. Intoxications and social functions are injured in beauty by such dressing.

Treasure and use your bits of antique jewelry and fabrics. We should mourn the loss of the high type, old-time, beautiful old silks, satins, laces and ornaments, which gave beauty and elegant personality to social assemblies.

Caroline Bruce and Agnes Kjelberg, two Swedish ladies, have received honorable mention at the Paris salon for sculpture. The latter holds the scholarship at the Swedish academy.

## IN TROUBLE AGAIN.

NELLIE DOND IS ONCE MORE IN CUSTODY.

Arrested With a Soldier and Both Are Charged With Adultery—Who Escaped From the Reform School Captured.

Sergeant Esslinger yesterday morning received a quiet tip to the effect that James Coatesworth, a soldier, and Mrs. Nellie Dond were living together as man and wife at 42 West First South. The officer investigated the matter and found the story to be correct. He arrested the man and woman at the house and they were booked on the charge of adultery at the police station.

It seems that the soldier has secured a leave of absence and for some time the pair have been occupying one room, having represented themselves to the officers of the house that they were married. It said the evidence to sustain the charge is very conclusive.

This is not the first time the woman has been in similar trouble. She was the inmate cause of Efram Hegan's downfall.

Incorrigibles Recaptured.

On Tuesday afternoon last two boys quietly walked away from the reform school and since that date the officials of the territory have been keeping a sharp lookout for the escapees. They were Charles Porter, of Coalville, and Earl Stephens, of Salt Lake. Now they are in custody, through the good offices of Detectives Sheets and Rhodes, and this morning they will go back to the school.

The boys have been in this city two days but it was not until last night that the officers received the information. Sheets and Rhodes then went on the trail and arrested the runaways at a house near the corner of Third North and Sixth West, where they were making their headquarters. They are now in the city jail.

CAMERON'S CALCULATIONS.

Appropriations Alleged to Have Been Made by the Present Congress.

Washington, Aug. 19.—Representative Joseph J. G. Cannon, of Illinois, the Republican member of the present House, and who was chairman of the House committee during the Fifty-first Congress, has prepared a statement for the present Congress, in which he is captioned "Pension appropriations reduced \$2,068,500; total of other appropriations \$20,685,233.
